

Animal Farm by George Orwell

Animal Farm is a political allegory about farm animals who rebel against their human owner hoping to build a fair society. Over time, the new leaders become corrupt and oppressive, repeating the same injustices they once opposed.

Main Ideas:

- **Power Corrupts:** Leaders may abuse authority when unchecked.
- **Equality vs Reality:** Noble ideals can be betrayed.
- **Propaganda:** Language can be used to manipulate people.
- **Class Struggle:** Workers often carry the burden while elites benefit.
- **Revolution:** Change can fail without accountability.
- **Political Satire:** The story reflects real historical events and systems.

Overall Message:

Without truth, education, and accountability, revolutions can replace one tyranny with another.
